FINANCIAL SITUATION

The Springfield area has four commercial banks, six savings banks, and three savings and loan associations. The city was chosen as the logical location for the establishment of the district branch of the Federal Farm Credit System covering New England, New York and New Jersey.

MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY 1295 STATE STREET, SPRINGFIELD

The Massachusetts Mutual Life Insurance Company was founded in 1851 — some ten years before the first shot of the Civil War was sounded. In the 118 years since its founding, the company has grown from a one-room office in Springfield with total capital of $100,000, to rank among the nation's top 43 business corporations with total assets of over $4.8 billion.

Today, the Massachusetts Mutual is the tenth largest life insurance company in the United States and Canada with over $18.3 billion of life insurance in force, providing protection to nearly 2,000,000 individual policyholders and group certificate holders. Nationwide service is provided by a coast-to-coast network of 125 general agencies, 362 district offices, 59 group offices and nine regional mortgage loan offices.

The Monarch corporations consist of four major companies. Monarch Capital Corporation is a holding company founded in 1968 to provide a corporate structure adapted to the present economic trend and to lay the foundation for additional expansion in the future.

Monarch Life Insurance Company, founded in 1901, ranks third in the nation in non-cancellable health insurance and in the top eight per cent in life insurance. In 1921 Monarch developed a non-cancellable disability income policy that has been copied throughout the industry ever since.

Springfield Life Insurance Company, formed in 1959 and operating in 18 southern and western states, has enjoyed a fine rate of growth in both health and life insurance. Monarch Securities Incorporated was formed in 1968 to offer mutual funds to help clients obtain completely rounded insurance and investment programs.

In 1969, three real estate companies and an investment management company were formed. These represent the latest steps by Monarch Capital Corporation in organizing for growth in the years ahead.

This digest of the history of Springfield's two largest insurance companies is intended to indicate the scope of one of the city's white collar industries. The city's claim of diversification does not apply alone to diversified manufacturing. We have maintained a healthy balance between diversified manufacturing and diversified service industries of which insurance is a fine example.

ART LINKLETTER NATATORIUM EXTERIOR
THE NEW $850,000 ART LINKLETTER NATATORIUM ON THE CAMPUS OF SPRINGFIELD COLLEGE IN MASSACHUSETTS HOUSES ONE OF THE LARGEST 50-METER POOLS IN THE NATION. IT IS DESIGNED AND EQUIPPED FOR TEACHING AND RESEARCH, AS WELL AS FOR COMPETITION. THE BUILDING IS 234 FEET LONG WITH 45-FOOT-HIGH ARCHES SPANNING ITS WIDTH OF 109 FEET.

THE CROSSROADS OF NEW ENGLAND

Springfield is the Western Gateway to New England. The city's effective location serves to enhance the area as a transportation, industrial and trade center.

In transportation the greater Springfield Area is bisected by two major highways and serviced by two major commercial airports and two major railroads. Tourists drive on modern highways to Springfield, to other points of Massachusetts and to the other New England states. The construction of Interstate 91 places Springfield and the surrounding area along a continuous expressway from Philadelphia to Canada.

For over one hundred years Springfield has been characterized by widespread industrial diversification and outstanding skill among its mechanical trade workers. Of more recent origin has been Springfield's development as a regional marketing area.

The city attracts persons from the greater Springfield Area who seek ample shopping facilities, excellent stores and fine restaurants and motels. Particularly in recent years the city has grown as a wholesale as well as a retail center. A new privately-financed 40-million dollar combined shopping mall and office building, named Baystate/West, is now under construction downtown. The largest enclosed shopping center in Western Massachusetts opened in 1968. Located on Route 20 in Springfield, Eastfield Mall houses over 75 retail outlets in a temperature-controlled atmosphere.

The Springfield Area has an ample share of fine accommodations and each year the city of Springfield becomes headquarters for approximately 50,000 convention delegates. The Joint Civic Agencies of Greater Springfield, Inc. operates a Convention and Visitors Bureau which actively solicits convention business. For over sixty years it has functioned as a counsel and guide to those seeking information and advice about Springfield. Joint Civic Agencies has a research division which makes reliable studies based on full time research on Springfield and the greater Springfield Area.

THE CITY TODAY

Springfield was settled in 1636 as a colonial outpost by a band of men led by the explorer and entrepreneur, William Pynchon. The outpost became a town in 1641 and was incorporated as a city in 1852. The smaller towns of West Springfield, Longmeadow, East Longmeadow, Ludlow, Agawam, Wilbraham and the city of Chicopee eventually grew up adjacent to the original settlement.

The city and the rest of the Springfield-Chicopee-Holyoke Metropolitan Area have grown to a population of 550,000, according to the estimated 1965 Federal Census. Excellent turnpike routes make Springfield accessible to Boston (90 miles), New York City (126 miles), and Albany (94 miles).

PUBLIC SERVICE INSTITUTIONS

Springfield is fortunate in having public utility organizations which aid in the development of the community. Under the municipality there operates a Springfield Water Works which provides the community with excellent drinking water piped to the city from the eastern foothills of the Berkshires. An excellent reservoir system of great capacity provides a flow adequate to care for the city for many years to come when rainfall is normal.

Springfield has long been recognized as a community in which the educational facilities are of unusually high standard. The excellent public schools' program leads the pupil through the primary grades and junior high schools into one of four high schools of excellent standing and character. In Classical High School the curriculum is of an essentially academic character and provides for the continuance of education in colleges and universities. In Technical High School courses are offered leading directly to industrial careers, colleges and to nursing schools. In the High School of Commerce the pupils are prepared thoroughly for a business career or college, and in the Springfield Trade High School the pupils are well prepared for industrial employment, service occupations, or post high school education.

SPRINGFIELD TRADE HIGH SCHOOL

THE QUADRANGLE

The Quadrangle, the historical and cultural center of Springfield, is located in the heart of the city. Here the latest books, scientific and historical exhibits, paintings and sculpture can be enjoyed by the public. The Museum of Fine Arts, the Museum of Science (with the Seymour Planetarium), the George Walter Vincent Smith Museum, the City Library and the Connecticut Valley Historical Museum are all located in the Quadrangle.

The Springfield area is stimulating culturally for those who follow the arts. There are varied and numerous painting, dancing and writing groups. Located in Springfield is the Springfield Orchestra Association, Inc., which encompasses the Springfield Symphony Orchestra, one of 60 Professional Metropolitan Orchestras in the Country; and the Western Massachusetts Young People's Symphony, comprising 90 gifted youngsters ranging in age from 12 to 21. In addition, there is the Civic Symphony of Springfield and a number of other singing groups and choruses. The City Library provides a wide selection of books, pictures, phonograph records as well as many excellent special services for young people. The city contains four excellent colleges: Springfield College, American International College, and Western New England College; also, Springfield Technical Community College. There are many churches and community civic organizations which serve the needs, beliefs and interests of Springfield citizens.

FARM CREDIT BANKS

Since 1917 Springfield has been the northeast headquarters for a cooperative farm credit system which now comprises the Federal Land Bank of Springfield, the Federal Intermediate Credit Bank of Springfield, and the Springfield Bank for Cooperatives. These credit organizations are known as the Farm Credit Banks of Springfield and they serve the six New England States, New York and New Jersey. As of December 31, 1968, their combined assets were nearly $446,329,000 with outstanding loans to northeast farmers and their cooperatives of about $475,975,000.

INDUSTRIAL SITUATION

The most outstanding characteristic in the industrial growth of Springfield and the surrounding area for over 150 years has been widespread industrial diversification. In 1968, 935 manufacturers in the Springfield-Chicopee-Holyoke Metropolitan area employed 73,011 persons. The metropolitan area's diversification is marked by numerous medium and small manufacturers in varied lines. Many of Springfield's factories manufacture products known the world over and spread the city's fame into many lands. Monsanto chemical products, Bosch fuel injection systems, Smith & Wesson revolvers, General Electric military equipment, Milton Bradley games and toys, Breck hair preparations, Buxton billfolds and Absorbine Junior liniment are typical examples.

The city imports most of its basic raw materials and is continually adding to its skilled labor force by both private and government training programs.

Freight rates for the shipment of raw materials and finished products permit local manufacturers to market their products nationally and overseas at competitive prices.

THE SMALL ARMS MUSEUM at the Springfield Armory was established in 1871 and is considered one of the finest of its type in the world. It has approximately 5,500 small arms ranging from the earliest inventions in the 14th century up to the modern arms of today.

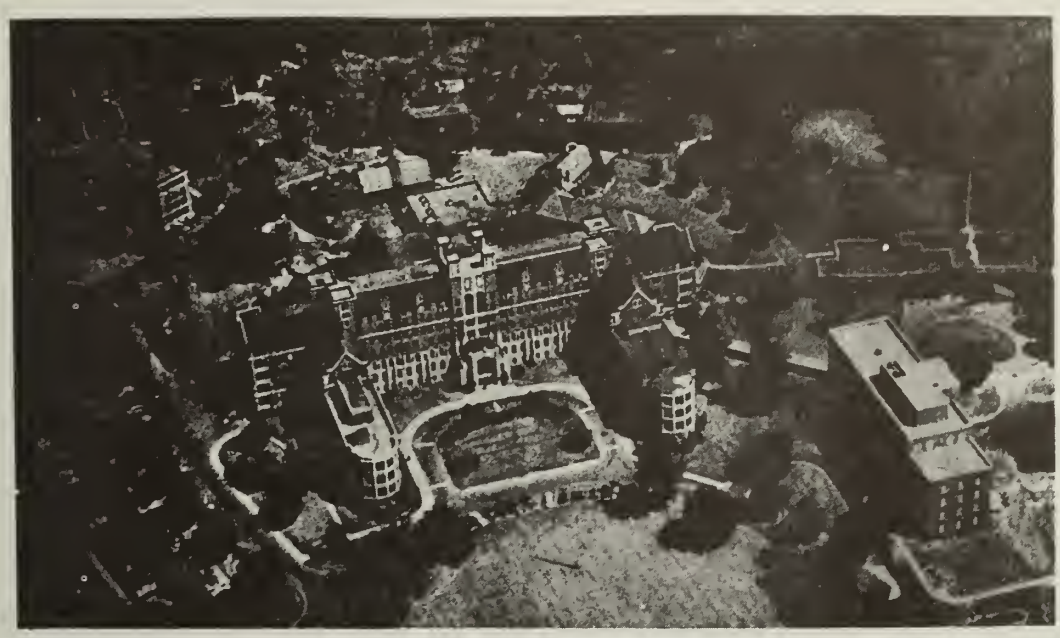
THE SPRINGFIELD (U. S.) ARMORY was established in 1789 by George Washington, and until April 30, 1968 was the home of the famous Springfield and Garand rifles. Basic mechanical skills developed here by generations of metal workers have made Springfield a center of American craftsmanship.

AERIAL VIEW OF THE SPRINGFIELD EXPRESSWAY MANUFACTURING CENTER

RETAIL TRADE

Springfield SMSA retail sales to January 12, 1970 were $887,227,000 and its retailers served a territory containing approximately 517,800. The downtown area is being completely revitalized. The Baystate West project alone will add 250,000 sq. ft. of additional retail space. The metropolitan area has 30 shopping centers with the largest being Eastfield Mall which is an enclosed temperature-controlled facility with 75 retail outlets.

WHOLESALE TRADE



Springfield is the distribution center for New England for many items. It is served north, east, south and west by trunk line railroads and an estimated 170 motor carriers. Stocks carried in Springfield cover practically every well-known product manufactured in the United States applicable to the northern climate. A 20-acre Regional Wholesale-Distribution Food Center has been constructed. This center strengthens Springfield's growing wholesale trade.

PLANNING

The City Planning Department, second largest in the Commonwealth, is headed by a Planning Director and a professional staff of ten people. The Department works under the direction of the Planning Board and is involved in every phase of community planning and development. Its work is of outstanding value in initiating the future growth of Springfield.

HOSPITALS

Hospital facilities are excellent with specialists in every medical field. In early 1970, the total number of hospital beds was 1,762. In the Greater Springfield Area there were over 2,100 beds in early 1970. Many of these hospital facilities are modern buildings and all have up-to-date equipment. Early in 1967, the Wesson Memorial Hospital embarked upon a $8.8 million expansion and replacement program which will add approximately 100 beds for acutely-ill persons and supportive services such as intensive care, cardiac intensive care, X-ray, laboratory, out-patient, and emergency departments with completion scheduled for late 1970. Springfield also has the Shriners' Hospital for Crippled Children. A considerable number of new beds and facilities are constantly being added to augment the city's medical resources. Springfield also has outstanding nurse and technical training schools and excellent nursing homes and infirmaries.

THE SPRINGFIELD HOSPITAL MEDICAL CENTER AND THE WESSON WOMEN'S HOSPITAL

Springfield Hospital Medical Center has 498 available beds. Wesson Women's Hospital now has 145 beds and 106 bassinettes. Other hospitals serving the city are Wesson Memorial Hospital (269 beds), Mercy Hospital (290 beds), Shriners' Hospital for Crippled Children (60 beds), and Springfield Municipal Hospital (500 beds).

SPRINGFIELD MUNICIPAL HOSPITAL

SPRINGFIELD MUNICIPAL HOSPITAL is a modern all-glass front hospital which meets the specifications of the United States Public Health Service. It has 500 beds and is operated by a Board of Trustees made up of two doctors from each of the three local general hospitals, five laymen, and Springfield's Commissioner of Public Health. On the staff are a full time house staff and rotating surgeons and specialists in all medical fields. It has all types of operating rooms and laboratories, a large auditorium, three chapels and many other facilities.

The Springfield Department of Public Health has an outstanding record of achievement. Health and sanitation are vigilantly guarded and in Springfield's school system the children's health is given careful attention.

The Shriners' Hospital for Crippled Children in Springfield is a sixty bed hospital, and serves the New England States together with Central and Eastern New York State. It is one of nineteen Shriners' Hospitals and three Burn Units located in the United States, Canada and Mexico.

Requirements for admission:

(1) Children, regardless of race, creed, or color, through 15 years of age, requiring treatment by an Orthopedic Surgeon and being capable of improvement.

(2) Parents or legal Guardian must be unable to pay for necessary treatment and care.

(3) Application forms, available at the Hospital, Shrine Temples, or through Hospital Board members, must be filled out by the sponsoring Shriner and attending Physician, and be signed by the parents or Guardian.

CHURCHES

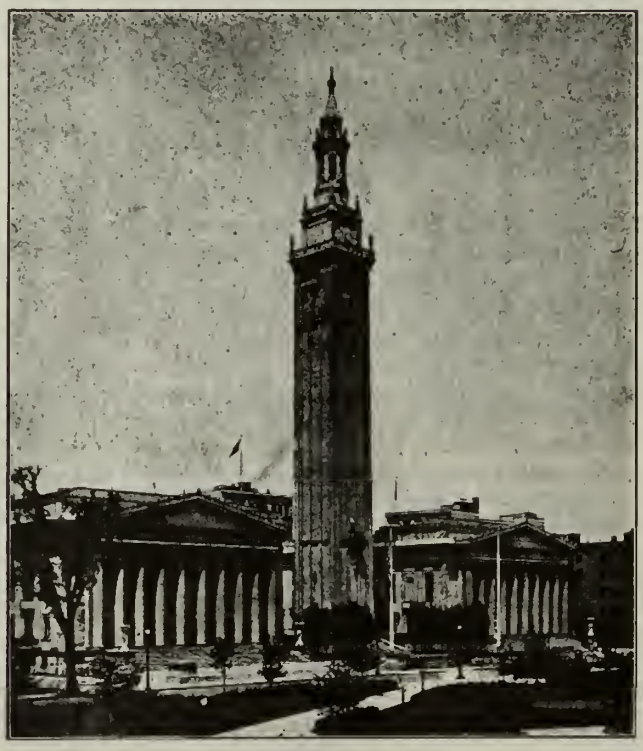
OLD FIRST CHURCH ON COURT SQUARE stands on the site of the original meeting house built in 1645. The present chapel, designed after the manner of Christopher Wren, was built by Isaac Damon in 1819.

PARKS

Springfield's average of one acre of public parks for every 78 people is well above the nationally recognized standard of one acre for every 100 people. The city offers more than 2,228 acres of park land for its citizens. The largest unit of the city park system is Forest Park (795 acres), one of the foremost natural parks in the country. The park has an outstanding zoo, with a large collection of animals, including an elephant, a lioness, lion cubs, a tiger, an Indian leopard, deer, monkeys and birds. The Nature Museum offers live small animals: fish; various snakes, harmless and poisonous; fossils, Indian lore, etc. The latest addition is the Kiddie Land Zoo (a walk-in type zoo) where children and adults are allowed to pet the baby animals of which some are ducks, fowl, ponies, fallow deer, donkeys, pigs, goats and sheep. This facility has proved to be very popular. Feeding of the animals is allowed except where specified.

Forest Park also offers 26 tennis courts; a stadium; a ball field; an archery range; bowling greens; shuffleboard and horseshoe courts; marble rinks; a swimming-diving pool; a wading pool; ice skating on Barney Pond, Porter Lake; and hockey on an outdoor rink which is provided with lights for night use; boating and fishing on Porter Lake; and fishing in Barney Pond for boys and girls up to age 15 years during annual fishing derby only.

KIDDIE LAND ZOO — FOREST PARK



Other parks in the city are Blunt and South Branch Parks and there are smaller recreation areas and parks in the city which contain picnic groves, play equipment and nature trails.

MUNICIPAL WATER WORKS

The works are in charge of a board of Water Commissioners consisting of: Water Department Manager, George E. Sweeney; Water Registrar, Maurice E. DeMontigny; Frank L. Carter, Frank H. Freedman Mayor, George C. Wheeler, Jr., Members; Superintendent, Martin J. Shaughnessy. Office, (323) City Hall; Service Building and Yard, 71 Colton. Office Hours: 8:15 a.m. to 4:45 p.m., Monday thru Friday. Telephone: (applications and information) 736-2711; (work and trouble calls, day or night) 732-5188. The supply of water is taken from The Little River Watershed (situated principally in the towns of Blandford, Granville and Russell) and by means of the following structures:

	Capacity in Gallons
Borden Brook Reservoir (impounding)	2,500,000,000
Cobble Mt. Reservoir (impounding)	22,829,000,000
Intake Reservoir (diverting)	40,600,000
Sedimentation Basin (before filtering)	38,700,000
Provin Mountain Reservoir (after filtering)	60,000,000
TOTAL	25,468,300,000

The former supply from impounding reservoirs in Ludlow and Belchertown is also retained at present for towns of Ludlow and Wilbraham and for emergency uses, and with its storage capacity of 1,434,218,000 gallons make an aggregate capacity of 26,871,798,000 gallons.

Range of pressure on mains for day and night as follows: Main Street level, maximum, 147 pounds, average 140 pounds. Hill Section level, maximum, 87 pounds, average, 80 pounds.

The entire supply of city water to any premises is furnished by meter only and at meter rates; the necessary meters are installed by the water department at expense of the consumers for the initial cost of meters and connections only.

The cost of ordinary care and repair of all meters is borne by the water works; the cost of unusual repairs (necessitated by freezing, hot water, etc.) due or attributed to any carelessness, or neglect on the part of the consumer, will be charged to the consumer or owner.

METER RATES

(Subject to all rules and regulations)

For each 100 cubic feet (748 gallons) of water as registered or estimated for each meter the rates shall be as follows:

Semi-annually for each meter 1 to 10,000 cu. ft., .24 cents per 100 cu. ft., 10,000 to 120,000 cu. ft., .16 cents per 100 cu. ft.; all over 120,000 cu. ft., .09 cents per 100 cu. ft.

The minimum semi-annual waters charges for each meter will be as follows:

SEMI-ANNUAL MINIMUM RATES

Meter Size Semi-Annual Min.		Meter Size Semi-Annual Min.	
½" and 5/8"-	$ 5.00	3"-	$ 50.00
3/4"-	6.00	4"-	100.00
1"-	10.00	6"-	200.00
1 1/4"-	16.00	8"-	300.00
1 1/2"-	18.00	10"-	400.00
2"-	30.00		

All Fire Line Meters $12.00

WATER PENALTY CHARGES ON UNPAID BILLS AND WATER SHUTTING OFF POLICY EFFECTIVE JUNE 7, 1966

1. Original bill to consumer during third full week of billing month. The same thirty day due period to remain in effect.
2. A second or "Penalty Notice" sent six weeks after original billing with the following penalties: Amount of Bill: (a) Any amount up to and including $25.00, penalty $2.00; (b) Excess of $25.00 and up to and including $50.00, penalty $5.00; (c) Excess of $50.00 and up to and including $100.00, penalty $10.00; (d) Any amount in excess of $100.00, penalty $25.00.
3. The third or "Shut Off Notice" sent two weeks after the penalty notice and the actual shutting off of the water with the following charges: Amount of Bill: Penalty (a) as per above, charges for shutting off $5.00, charges for turning on $5.00; Penalty (b) and (c) as per above, charges for shutting off $10.00, charges for turning on $10.00; Penalty (d) as per above, charges for shutting ofi $15.00, charges for turning on $15.00.

The Superintendent will be notified with a listing of this above or third or "Shut Off Notice" and shall proceed to shut off the supply of water to the consumer. Once this list is established, the shut off charge will be due — even though the department has not been able to actually shut off the supply — with the exception of the situation detailed in Section 3 (a).

(a) In the event a "Shut Off Notice" is given with respect to a residential property, which is not occupied in whole or in part by the owner of record, but is occupied by tenants, no shut off shall be made, but instead an extra penalty of $10.00 per month shall be assessed against the owner of record for each and every month that the "Shut Off Notice" is in existence.

Each semi-annual period will be computed and charged for independently of any other semi-annual period and the rates therefore shall be paid accordingly.

When a meter from any cause fails to register the consumption of water, the quantity shall be estimated and the charge made based upon the registration by the meter when in order or upon the registration for corresponding prior semi-annual or period.

Miscellaneous and Temporary Uses — In certain cases of miscellaneous and temporary uses of city water, where the quantity may be small, the charge for the same may be estimated instead of being shown by meter, at the discretion of the Water Registrar and the Superintendent.

The Water Registrar shall have the right to require an advance deposit as security for the payment of water bills, when he shall consider it for the interest of the city to do so; such deposit not to exceed a year's minimum rate for the property to be supplied or a reasonable estimate of the probable annual amount of such bills.

All bills due the City on account of the Municipal water works shall be payable at the office of the City Collector, Room 137, Municipal Building, Court and Pynchon Streets within twenty days after the same are rendered and become due.

Inquiries and claims for correction should be made at the office of the Water Registrar, Room 323, Municipal Building.

Delinquent water bills are a lien on real estate.

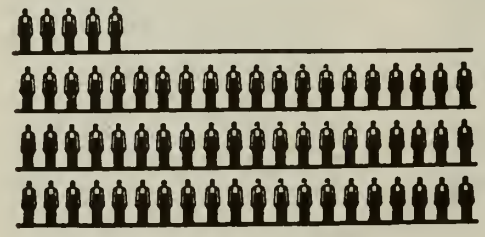
HOW MANY CHANGES IN A YEAR?



Out of every **100** People as listed in the last Directory

16% to **18%** Move away or die

17% to **19%** "New" people move into town or reach listing age.

(All that's left that's good)

26% to **29%** More change their addresses or their jobs or some other vital fact that affects their listing.

Making a total of **59%** to **66%** of the People listed who have new information in some particular which can be surely found only in the **NEW DIRECTORY**

Note: These figures are from repeated checks in numerous cities and do not vary 5% in any one year.

THAT IS WHY NEW DIRECTORIES MUST BE PUBLISHED EVERY YEAR.

THE MONARCH CORPORATIONS

Organized for Growth

Where there was only one twelve years ago, there are now four Monarch corporations sharing executive offices at 1250 State Street. In this short space of time, Monarch corporations have extended their sales operations into the entire southern half of the United States . . . have moved solidly and rapidly into the area of equity investments . . . and have readied themselves to branch out into allied financial fields where opportunities for growth are almost limitless. These are the four Monarch corporations that form this modern and fast growing financial complex:

Monarch Life—Born right here in Springfield in 1901, this company has a long record of quality service and quality products. It ranks third in the nation in non-cancellable health insurance and in the top eight percent in life insurance. Since its founding, Monarch Life has been one of the nation's leaders in the development of new health and life coverages.

Springfield Life—Founded just eleven years ago, this company has extended its sales operations into 18 states. Its growth has been solid and rapid. Life insurance in force now exceeds $260 million and new health insurance premiums exceeded $1 million in 1968 and 1969. Monarch and Springfield Life are now in 49 of our 50 states.

Monarch Securities—With the formation of this company in 1968, we became one of the first life companies to enter the mutual funds field—to offer our clients completely rounded life insurance and equity investment programs, to provide a vehicle for overcoming the dollar-shrinking effects of inflation and thus make lifelong financial security an obtainable reality.

Monarch Capital—This holding company was founded in 1968 to permit greater flexibility of operation and investment than is generally available to insurance companies, as well as to provide a corporate structure more adapted to the current economic trend. This was the final basic step in organizing for growth in the promising years ahead.

EVERY STORE

should be in the Directory and the Directory in every store.

Besides its use to the keeper of the store, it is a convenience customers look for.

The store that offers an old, or no city directory, does not show its patrons a courtesy they will find elsewhere.

COMPLETE MAILADVERTISING SERVICE

LET US MIMEOGRAPH IT!

A weekly bulletin to your sales force—multigraphed, of course—is an ideal and inexpensive way to keep every man happy and "hitting the ball."

Letters, sales, service and factory forms—in fact anything you wish duplicated in quantities—given the kind of attention which brings you back again and again.

FISHING IN THE RIGHT SPOT ?

Have you ever noticed a dejected fisherman sitting for hours, without even a nibble — and the small boy fifty feet away pulling in the big ones?

It's just a case of fishing in the right spot. The directory is the right spot for your advertising — it will produce the results — the big ones.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out
